

Fujitsu ESPRIMO / Windows 7 TwinLoad / Onboard Graphics / 2GB (1x1GB+1x2GB) RAM / 320GB HDD / DVD-SuperMulti / Optical Tilt Scroll Mouse

As a small form factor PC the ESPRIMO is the ideal choice for your desk. Depending on the space you have available, you can position the PC vertically or horizontally - without an additional base. Equipped with Intel® chipset and processor technology and DDR3 memory support, this PC provides the best possible performance levels to meet the requirements of your daily business applications - and at the same time remains efficient and quiet. It also has a power supply with up to 87% efficiency which significantly helps to protect the environment and reduce your costs.

Features

- 3 GB RAM / 320 GB Hard Disk Drive
 - DVD-SuperMulti
 - Intel® GMA 4500 up to 1759 MB
- Genuine Windows 7 Professional/ XP Professional Twin Load
